11. User Flow Diagrams

Flow 1: First-Time Setup

```
Login → Dashboard (empty, "Add your first vehicle" CTA)
  → Add Vehicle → Fill form → Save
  → Add Driver → Fill form → Save
  → Assign Driver to Vehicle
  → Dashboard shows vehicle with status
  → (Optional) Generate Telemetry API Key → Give to GPS device installer
  → Telemetry data starts flowing → Dashboard updates
```

Flow 2: Daily Monitoring

```
Login → Dashboard
  → Check summary cards (any issues?)
  → Scan alert panel (any new alerts?)
  → Acknowledge alerts
  → Check map (where are buses?)
  → Click on alert vehicle → Vehicle Detail
  → Check battery tab (is it critical?)
  → Check location tab (where exactly?)
  → Take action: call driver / schedule maintenance
```

Flow 3: Report Generation

```
Login → Reports
  → Select date range
  → View fleet summary charts
  → Export PDF
  → Share with management
```

12. Design Tokens

Colors

Token	Value	Usage
--primary	#2563EB	Buttons, links, active states
--primary-dark	#1D4ED8	Hover states
--success	#16A34a	Active/OK status
--warning	#F59E0B	Warning alerts, medium battery
--danger	#DC2626	Critical alerts, low battery
--info	#0EA5E9	Info, charging status
--gray-50	#F9FAFB	Page background
--gray-100	#F3F4F6	Card backgrounds
--gray-200	#E5E7EB	Borders
--gray-500	#6B7280	Secondary text
--gray-900	#111827	Primary text

Status Colors

Status	Color	Hex
IN_TRANSIT	Green	#16A34A
CHARGING	Blue	#2563EB
IDLE	Gray	#6B7280
MAINTENANCE	Purple	#7C3AED
ALERT	Red/Orange	#DC2626
OFFLINE	Dark Gray	#374151

Typography

Element	Size	Weight
Page title	24px	Bold (700)
Card value	32px	Bold (700)
Card label	14px	Medium (500)
Body text	14px	Regular (400)
Table header	12px	Semibold (600)
Table cell	14px	Regular (400)
Button	14px	Medium (500)
Sidebar nav	14px	Medium (500)

Spacing

- Card padding: 16px
- Section gap: 24px
- Sidebar width: 240px (desktop), collapsed to 56px (mobile)
- Content max-width: 1200px

Breakpoints

Breakpoint	Width
Mobile	0 – 639px
Tablet	640px – 1023px
Desktop	1024px+
